Vol 19 (2)	15 April 2022	ISSN 1823-5514	eISSN 2550-164X
------------	---------------	----------------	-----------------

1	Evaporator Performance for Water Refrigerant Adsorption Cooling System <i>Muhammad Azim Mohd Khanafiah, Nur Adilah Sahafudin and Fauziah Jerai*</i>	1
2	Rheological, Mechanical and Physical Properties of Poly-Lactic Acid (PLA)/ Hydroxyapatites (HA) Composites Prepared by an Injection Moulding Process <i>Afeeqa Puteri Marzuki, Farrahshaida Mohd Salleh*, Muhammad Nazri Shah Rosli, Izdihar Tharazi, Abdul Hakim Abdullah and Nurul Hayati Abdul Halim</i>	17
3	Experimental Investigation of Supercritical Fluid Heat Transfer Properties in a Miniature Heat Sink <i>Ameer Abed Jaddoa*</i>	41
4	The Effect of Alkali Treatment to Mechanical Properties of Resin Composite Reinforced with Coir Coconut Fiber <i>Hadi Pranoto* and Muhamad Fitri</i>	65
5	Design, Manufacturing and Testing of Inversed Taper NACA 4412 Airfoil with Blade Made of Hybrid Empty Fruit Bunch Bio-composites <i>Awaludin Martin*, Fachri Husaini and Adipa Putra</i>	79
6	Whirling Analysis of Stepped Timoshenko Shaft Carrying Several Rigid Disks <i>Ch. Kandouci*</i>	97
7	Preservation of Cultural Heritage: A Comparison Study of 3D Modelling between Laser Scanning, Depth Image, and Photogrammetry Methods <i>Mohamad Haziq Ahmad Yusri, M. A. Johan N. S. Khusaini, and M. H. M. Ramli*</i>	125
8	Sodium Hydroxide/Silane Treated Kenaf Fibre in Unsaturated Polyester Matrix: Effects of Fibres Length and Fibres Loading Towards the Composites Flexural and Morphological Properties <i>Muhammad Mustakim Mohd Ghaztar, Nik Noor Idayu Nik Ibrahim* and Ahmad Zafir Romli</i>	147

9	Organizing the Internal Manufacturing Complexity Elements in Adaptation of Current Manufacturing Environment: A Fuzzy Approach <i>Mohd Noor Hanif M. R., Wan Hasrulnizzam W. M., Musfirah A. H.*, Muhammad Ashlyzan R. and Seri Rahayu K.</i>	169
10	Employee Satisfaction Towards Integration of Quality Management System: A Case Study of Malaysian Automotive Manufacturer <i>Qhairunisha Mohd Khalid, Nor Hayati Saad*, Nurul Hayati Abdul Halim and Nurul Syuhadah Khusaini</i>	187
11	Mechanical Spectroscopy of Multiwalled Carbon Nanotube-filled Polyurethane Nanocomposites <i>Shahrul Azam Abdullah* and Lars Frommann</i>	205
12	Application of Variable Speed Drive to Overcome Air Conditioning Oversizing Issue <i>Abdul Qayyum Abdul Halim*, Tee Boon Tuan and Wan Shah Waliallah Wan Mat Zain</i>	219
13	Characterization of Tropical Kenny Hill Weathered Sandstone using Non-Disruptive Testing of Pundit and Resistivity Testing <i>Noorfaizah Hamzah and Nur 'Ain Mat Yusof*</i>	233
14	Effect of Adhesive Layer Thickness and Slant Angle on Piezoelectric Bonded Joints <i>Somnath Somadder* and Md. Shahidul Islam</i>	251
